

Ninneserene

The cushion / container that gives your baby a sense of security and tranquillity.

Offers a sense of containment that helps your baby relax and rest

Comfortable support for the first few months after birth

Filled with spelt husk

Soft cotton towelling

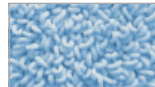

The longer side of the cushion is a useful lumbar/cervical support for adults

The cushion cover can be easily removed with the velcro fastening.

Can also be used as a lumbar and cervical support for mum and dad.

Towelling

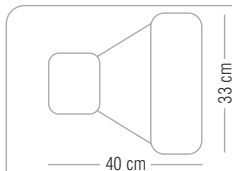

Soft towelling, absorbent cotton for continuous hygiene and natural feel against the skin.

Spelt husk

Natural and biological, helps regulate body temperature: keeping cool in the summer and warm in the winter.

To use correctly please consult your paediatrician.

Because these are handmade products the measurements can vary slightly to those stated
